## Managed Fill Criteria

Winstone Aggregates reserves the right to decline loads that do not comply with this criteria. All queries regarding criteria, testing and acceptance should be directed to Winstone Aggregates' Environmental Coordinator, phone 09-275 5400.

### Puketutu Island

#### ACCEPTED

Loads accepted at separate tip docks. Please try to separate loads as follows:

##### Clean Dirt

Clays  
Soils  
Top soils

Contaminants will NOT be accepted

##### Concrete Slurry

Please contact Environmental  
Coordinator

##### Concrete / Asphalt

Used aggregates  
Loads containing less than 5%  
reinforced steel, 1% attached timber  
Any asphalt (no smell)

For volumes of fill over 200m<sup>3</sup>, please contact:

Environmental Coordinator  
027 281 4535 or 09 275 5400

#### NOT ACCEPTED

Vegetation (when over 5% of total load)  
Plastic / PVC / Polystyrene  
Timber  
Non-compactable, sloppy loads  
Asbestos  
General rubbish  
Hydrocarbons  
Sewerage smells  
Petrol or Oil smells  
Contaminated Soils  
Bright Colourations
